NOTES FROM TODD

I hope everyone is adapting to the fall weather. Many of us will be traveling to see family and friends over the next few months, so we would like to wish you safe passage to and from your destinations.

The Food and Beverage team has been working hard to revise the menu for the fall. I am very excited to see the return of those fantastic wings!

As you have hopefully noticed, we are starting to provide a few nights each month that include child care so that parents can enjoy dinner at the clubhouse. Many of these nights will include an activity and dinner option for the children. I want to say a very big thank you to our Rec Manager, Caitlin, and her staff for being so supportive and proactive in providing this service.

I am also excited to introduce our new Food & Beverage Manager, Zachary Gadd. Zach comes to us from a very impressive food and beverage background, including some very well-known high-service restaurants here in Seattle. Has anybody heard of Ray's Boathouse or Portage Bay Cafe? I'm looking forward to supporting his efforts as he partners with Sean to help us continue to find ways to exceed expectations in the Food and Beverage department.

Speaking of Sean, make sure you try our cocktail of the month (featured elsewhere in this issue). Sean has done such a magnificent job of bringing hand-crafted cocktail services to our club. Fresh juices and ingredients make such a difference. I also want to thank Sean for all the extra effort as we transition from one manager to another. He is a true professional.

Please keep The Plateau Club in mind when considering venues for company holiday parties. We have a beautiful venue and members get special considerations in room rental and menu pricing.

Thank you for your continued support, and we look forward to exceeding your expectations regularly.

— Todd Ormsby

Winter Rules

Shots must be played within one club length of the original lie no closer to the hole and the lie must remain similar (a ball in the rough must remain in the rough).

Men will play from the blue tee and women will play from the red tees.

Handicaps

Teams will receive 40% of their combined 18 hole handicaps.

KEEPER OF THE GREENS

In two weeks during October, we made steady progress on aerifying and topdressing fairways until Mother Nature pressed the pause button by starting the stormy season. An atmospheric river and a bomb cyclone within five days each other gave us plenty of work to do and put a halt on fairway aerification during the last week of October. The bomb cyclone broke several big branches and a few treetops, as well as leaving behind plenty of leaves to clean up. During the atmospheric river, we received over 3 inches of rain in 24 hours. Once the ground was firm enough for us to continue aerification, we completed the process of aerifying fairways and putting out 488 tons of topdressing sand.

During the next few weeks, we will be going over our goals for the winter and setting a timeline for their completion. We will continue to work on our storm drain and retention ponds with alder removal again this winter to meet our requirements for King County & the City of Sammamish. We started to do some clearing earlier in the season but had to hit the pause button on this as we were losing seasonal staff and had to shift our focus to maintaining the rest of the golf course until time, turf growth, and weather would allow us to get back to it.
