A LETTER FROM JEFF KEELER

Hello Plateau Club members,

My name is Jeff Keeler and I am the new General Manager at The Plateau Club. I started mid-September and have appreciated the warm greetings you all have shown me. If I have not met you yet, please take a moment and stop by to say hello!

Quickly about me: I was born in NJ, raised in Atlanta, GA. I am a Georgia State University alumnus. I am proud to be a Certified Club Manager, Class A PGA golf professional, an Elite USPTA tennis professional as well as being a Certified Sommelier. I feel very fortunate that my passions are all directly work related. I am also fortunate to come to work at a club with great department heads and a strong staff.

Being new to the area I have quickly learned The Plateau Club has a great history; it is located in an amazing family neighborhood; the golf course is challenging and beautiful and you, the members, seem to really support the club. The future seems very bright for The Plateau Club.

Moving forward I want to get to know as many of you all as I can, I want to work with the team and become an asset to each of them. Very soon we will begin to work on the 2026 Calendar. We will make sure we have a vibrant calendar full of events, tournaments, dinners and activities that will interest our diverse club membership.

Again, I am proud to be a part of the team and do all I can to be an asset to the club.

Best regards,

Jeff Keeler
General Manager

A NOTE FROM CINDY

With the end of the year approaching, Plateau Club members have an opportunity to express their appreciation to the club's staff through a 2025 Appreciation Gift Fund. This year, we will be billing a small fee of \$25.00 to your membership account in the month of November. And, of course, if you would like to add more to the Appreciation Fund, please email me.

I will personally administer the fund to ensure all staff is appropriately included. The contributions are optional, of course. If you want to opt out, please email me at cindyr@plateauclub.com by November 27. Contributions for employees will be distributed on December 13.

On behalf of the entire staff at The Plateau Club, we would like to express a heartfelt "thank you" for your generosity.

Cindy Riley
Office Manager

KEEPER OF THE GREENS

Greetings!

I hope everyone had a great summer because as of the 22nd, Fall has officially begun. The course has been enjoying the cooler weather we've been having, as you can see some of the color returning to the spots out there that were struggling from the summer stress. With the change of season comes everyone's favorite course maintenance practice, the necessary evil of aerification. While the interruption to play and temporary sandy and bumpy greens can be frustrating to any golfer, it is an important management practice to produce a healthy and high quality putting surface.

Over the course of a season, the frequent traffic on the greens from being frequently walked on and from maintenance equipment will cause compaction of the soil. Relieving this compaction will help the turf produce longer and more dense roots, which will improve the plants overall health. Aerification will also help to dilute the thatch layer in the putting surface. Thatch is the accumulation of dead and living organic matter, mostly stems, roots, and other plant debris, which will inhibit water, air, and nutrients from getting down into the root zone.

My goal will always be to provide the best possible putting surface for you all to enjoy and I appreciate your patience and understanding during this process. The weather forecast looks good for continued growth and I anticipate a speedy recovery. Thanks again and I look forward to seeing you all out and playing.

PLATEAU CLUB

An aerial photograph of a recreation facility. In the center is a large, rectangular swimming pool with blue water and lane lines. To the right of the main pool is a smaller, rectangular hot tub. Surrounding the pools are lounge chairs, umbrellas, and a paved deck area. To the left of the pools is a large, dark-roofed building, likely a clubhouse or maintenance building. In the foreground, there are two tennis courts with blue playing surfaces and green outer areas. The entire facility is surrounded by lush green trees and a residential neighborhood is visible in the background.

Pickleball continues to be one of the fastest-growing activities at the Club! Courts are busy with both seasoned players and beginners just picking up a paddle. If you're looking to connect, our community group on the TeamReach app is the best place to find games. Search for Plateau and use code **098074** to join. Whether you're a regular player or brand new, there's always room for one more game!
